

スピントロニクス国際共同大学院主催セミナー

Joint Seminar with AIMR, IMR, RIEC and Interdepartmental Doctoral Degree Program for Multi-dimensional Materials Science Leaders

Seminar title:

Relativity shakes future technology

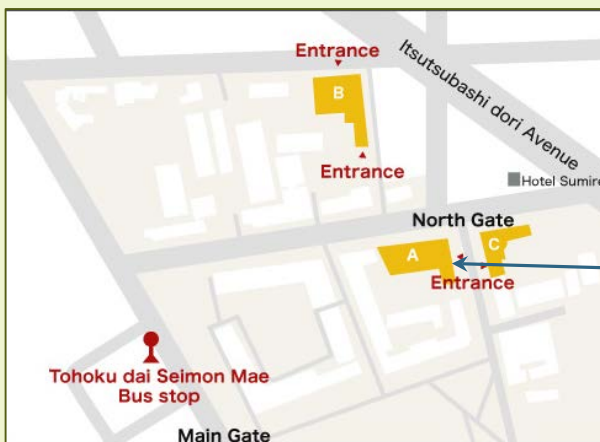

- How the spin Hall effect and relativistic torques are opening new paths for information storage

Venue:

2:00 pm – 3:30 pm

Thursday, 22 January 2015

SEMINAR ROOM on the 2nd floor, AIMR Main Building, Katahira Campus Tohoku University

2F Seminar Room

A: AIMR Main Building

Professor Dr. Jairo SINOVA

Johannes Gutenberg University Mainz, Germany
(Alexander von Humboldt University Professor)
