

# GP-Spin and Bussei Colloquium Seminar

“Novel materials and methods for making nanoscale gate structures in nanowire transistors”

Prof. Adam Micolich

School of Physics,  
University of New South Wales,  
Australia

[Time]  
4:30pm-6:00pm,  
September 1 (Thu), 2016

[Venue]  
Room 745, 7<sup>th</sup> floor ,  
Science Complex B bldg.,  
Aobayama Campus
