

Graduate Program in Spintronics

Dietl's Lectures on Spintronics 2019

December 16th (Mon.) 10:00-11:30

Anderson-Goodenough-Kanamori rules:
competition between
antiferromagnetic and ferromagnetic
interactions in insulators

December 19th (Thu.) 13:30-15:00

Topological insulators and
topological crystalline insulators

Prof. Tomasz Dietl

MagTop & Institute of Physics,
Polish Academy of Sciences

WPI-AIMR & RIEC,
Tohoku University

Room A401
**Laboratory for Nanoelectronics
and Spintronics, RIEC
Katahira campus**
