

Graduate Program in Spintronics

Dietl's Lectures on Spintronics 2019

Magnetoresistance and magnetization anisotropies violating crystal symmetry

January 16th (Wed.)

15:00-16:30

Anomalous Hall effect in collinear and non-collinear spin systems

January 22nd (Tue.)

14:00-15:30

Prof. Tomasz Dietl

MagTop & Institute of Physics,
Polish Academy of Sciences

WPI-AIMR & RIEC,
Tohoku University

Room A401

**Laboratory for Nanoelectronics
and Spintronics, RIEC
Katahira campus**
